Dear Nagindar

Project: Tahmoor South Coal Project
Stage: Response to Submissions
Development Application: SSD-8445

I refer to your correspondence dated 4 March 2020 inviting the Division of Resources & Geoscience to provide comments on the Tahmoor South Coal Project – RTS (the Project) submitted by Tahmoor Coal Pty Ltd (the Proponent).

The Division has reviewed the Response to Submissions document and is satisfied with the information provided by the proponent.

The Division requests to review the draft conditions of approval prior to finalisation and any granting of development consent. The Division has determined that, should the Project be approved, identified risks or opportunities can be effectively regulated through the conditions of mining authorities issued under the *Mining Act 1992*.

For further enquiries in relation to this matter, please contact the Assessment Coordination Unit – Resource Assessments on 02 4063 6534 or assessment.coordination@planning.nsw.gov.au.

Yours sincerely
