Subject: RE: RMS INPUT ON CONCRETE BATCHING PLANT, GLEBE ISLAND

Greetings,

Roads and Maritime Services requests the following comments by provided on the Notice of Exhibition, SSD 8544:

1. The 'Visual impact and night lighting impact summary table' in the '*Landscape and Visual Impact Report*' (AECOM 2018) identifies that the night lighting for the proposal may have a High effect on roads in the vicinity of the site. This includes Anzac Bridge. No mitigating measures are suggested. Details of this impact should be provided with measures identified to mitigate possible distraction and / or hazardous glare experienced as a result of the lighting. This is relevant to Anzac Bridge and all other roads that may be affected by the proposal.
2. Further to the above, concern is raised regarding the effect on shipping / navigation / waterway safety that may be caused by the proposal. An investigation of these aspects of the proposal are to be provided.

Thank you for your consideration in this matter, and if you have any questions or need additional information, please contact development.sydney@rms.nsw.gov.au

Kind Regards,

Robert Rutledge
