Dear Mr Fetterplace

Re: Glebe Island Concrete Batching Plant and Aggregate Handling Facility at Lot 1 in DP 1170710 – SSD-8544

Thank you for your referral dated 6 February 2020 regarding the abovementioned development proposal.

The Foreshores and Waterways Planning and Development Advisory Committee (the Committee) has reviewed the referral in accordance with *Sydney Regional Environmental Plan (Sydney Harbour Catchment) 2005* (the SREP), and considers the proposed development is to be a 'Category 2' matter.

In referring the proposal to the Committee, the Department of Planning, Industry and Environment, as the consent authority, has satisfied its statutory obligation as required under the SREP. The Committee raises no specific issues in relation to the proposed development and as such does not wish to make any further comment concerning this matter.

Yours sincerely

Mark Millington
Chair
Foreshores and Waterways
Planning and Development Advisory Committee

Please Note

For the Committee's purposes, 'Category 2' matters are those which are not of state or regional planning significance, are not in the public interest, and are not a matter upon which the Committee has any technical or expert advice to offer.
