

Community consultation report
Engineering and Technology precinct
New teaching and research facilities
J03 - Electrical Engineering building

The University held a Community Briefing on Tuesday 14 November 2017 at 6pm to meet the NSW Department of Planning and Environment Secretary's Environmental Assessment Requirements (SEARS) that were issued for the project. The briefing was to provide information about the proposed project and to identify any matters for consideration raised by meeting attendees.

Two hundred invitations (Attachment 1) were letterbox dropped to the surrounding community and an email invitation (Attachment 2) and a follow up reminder (Attachment 3) was sent to REDWatch, Residents Acting in Defence of Darlington, Chippendale Residents Interest Group as well as being sent to interested individual community members.

Four members of the local community attended the presentation provided by the Project Director, Seamus O'Connell (Attachment 4). No major issues of concern were raised in relation to the proposed building.

The link to the Department's Major Projects page where the project was listed at the time was sent to the participants for their information.
