

Mr Nathan Lane  
Environment and Community Manager  
Mangoola Coal Operations Pty Limited  
PO Box 495  
Muswellbrook New South Wales 2333

20/09/2021

Dear Mr Lane

**Mangoola Continued Operations - (SSD-8642)  
Air Quality Management Plan (AQMP)**

Thank you for submitting the Air Quality Management Plan as required under (Condition A24, Condition B27 and Condition B29) of Schedule 2 of the conditions of consent for the Mangoola Continued Operations (SSD-8642-PA-15).

The Department notes your letter dated 10 September 2021 states that the plan has been revised to include minor administrative updates to facilitate commencement of construction linked to SSD 8642. It is understood that the plan will be implemented during the construction phase only.

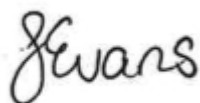

It is also noted that this plan was consolidated into the Air Quality and Greenhouse Gas Management Plan prepared to address SSD 8642 Condition B31 of Schedule 2 of the conditions of consent.

The Department has reviewed the updated document and is satisfied that it generally meets the requirements of the condition. Accordingly, the Secretary has approved the revised Air Quality Management Plan (Revision 16, dated September 2021). Please ensure that the approved plan is placed on the project website at the earliest convenience.

The Department will await a revised management plan to be submitted for approval prior to commencement of mining operations north of Wybong Road.

If you wish to discuss the matter further, please contact Charissa Pillay on 02 99955944.

Yours sincerely

Jessie Evans  
Director  
Resource Assessments (Coal & Quarries)

As nominee of the Secretary
