Dear Ms Milles

**Gunnedah Solar Farm (SSD 8658)**  
**Water Management Plan – Phase 1 Early Works**

I refer to the Water Management Plan which was submitted in accordance with condition 24 of Schedule 3 of the development consent for the Gunnedah Solar Farm (SSD 8658).

The Department notes that the scope of the Water Management Plan is for the construction of the main access road to the substation (i.e. Phase 1 Early Works). The Department has carefully reviewed the document and is satisfied that it generally meets the requirements of this condition.

Accordingly, the Planning Secretary has approved the Water Management Plan - Phase 1 Early works (Revision 4, dated 9 June 2020). Please ensure that the approved plan is placed on the project website at the earliest convenience.

The Department notes that further revision and approval of this plan is required for other stages of the development.

If you wish to discuss the matter further, please contact Javier Canon on 02 9373 2821 or [Javier.Canon@planning.nsw.gov.au](mailto:Javier.Canon@planning.nsw.gov.au).

Yours sincerely
