Dear Mr Thompson

**Concrush Resource Recovery Facility (SSD-8753)  
Operational Environmental Management Plan**

I refer to the Operational Environmental Management Plan (OEMP) which was submitted in accordance with Condition C5 of Schedule 2 of the consent for the Concrush Resource Recovery Facility (SSD-8753).

The Department has carefully reviewed the following plans:

- Operational Environment Management Plan (Rev B), prepared by WSP, dated June 2020
- Operational Waste Management Plan (Rev B - Public), prepared by WSP, dated December 2020 (Appendix C of the OEMP)
- Flood Emergency Response Plan (Report No. 20019/R01), prepared by Umwelt (Australia) Pty Ltd, dated 7 July 2020 (Appendix D of the OEMP)
- Operational Air Quality Management Plan (V2 Final), prepared by RCA Australia, dated 24 July 2020 (Appendix E of the OEMP)
- Operational Noise Management Plan, prepared by RCA Australia, dated 21 July 2020 (Appendix F of the OEMP)
- Landscape Management Plan (Report No. 20019\_R01), prepared by Umwelt (Australia) Pty Ltd, dated 7 July 2020 (Appendix G of the OEMP).

Accordingly, the Planning Secretary has approved the OEMP. Please ensure that the approved plan is placed on the project website at the earliest convenience.

I note the OEMP and attached environmental management plans may require revision prior to the commencement of Stage 2 of the operations. For example, the Waste Management Plan states it has been developed specifically for Stage 1 operations. You are requested to ensure the revised documents are submitted and approved prior to commencement of the Stage 2 operations.

If you wish to discuss the matter further, please contact Bianca Thornton on (02) 8217 2040 or via email at [bianca.thornton@planning.nsw.gov.au](mailto:bianca.thornton@planning.nsw.gov.au).

Yours sincerely
