ZONE 1_CENTENARY BUILDING | CONSIDERATIONS

DESIGN CONSIDERATIONS

- 01 Large level changes across site to be improved through built form spatial planning
- 02 Heritage interface with Cranbrook House requires careful consideration
- 03 Important views across Hordern Oval and Sydney Harbour
- 04 Mitigation of built form visual impact from adjacent properties through retention of existing vegetation where possible
- 05 Accessible pedestrian entry required between drop off points on drive / through entry gates and proposed Chapel and vertical movement zones
