
Subject: Re: Early Works SSD 8924-Condition B17 Const. Pedestrian Traffic Management Plan.

Hello Jennifer/ Ash

In anticipation of an Instruction to proceed with certain pile removal works and Seawall rectification Multiplex has commenced altering Hansen and Yunken Construction Management Plans.

By way of amendment to the Hansen Yunken Construction Pedestrian Traffic Management Plan for Stage 1 Early Works, please find below revisions to clauses within the Hansen and Yunken Construction Pedestrian Traffic Management Plan. The amendemnts reflect Insw direction for Multiplex Constructions to undertake seawall rectification on behalf of Insw

The following clauses are amended by way of this cover sheet.

1. Clause 1.1 Review and Approval - delete references to Hansen and Yunken staff and replace with the following ;-

Position	Name
Project Manager	Paul Couani
Site Manager	Ben De Bono
Health and Safety Officer	Darcy Lambert
Engineer	Anthony Toomey
Construction Manager	David Maher

1. Clause 1.2 Revision History

Rev	Date	Description of Amendments	Author	Checked
D	6 th May 2021	Change in Builder	BB	ER

1. Clause 1.3 Definitions and Abbreviations. Delete reference to Hansen Yunken and replace with Multiplex Constructions.
2. Clause 2.1 Traffic Management- Delete references to Liberty Industrial and replace with Multiplex Constructions.
3. General Note- Delete references to Hansen and Yunken site personnel and replace with Multiplex Personnel.
4. Delete references to all other works and only include removal of remaining piles as instructed, existing sea wall and revetment works as instructed.

Could I ask that you forward this advice to the Certifier for assessment.

Regards Eric Rolls.
