**Design Competition - Sites 2A and 2B, Australia Ave
Sydney Olympic Park**

Dear Mr West

I refer to the recent Design Competition held for Sites 2A and 2B, Australia Ave – Sydney Olympic Park.

Sydney Olympic Park Authority (the Authority) can confirm that the Design Competition process was carried out in accordance with the Authority's Design Excellence Policy (2017).

The Authority notes that the Jury report has now been finalised and that each competitor has been notified of the outcome.

The Authority also notes that the Jury identified certain matters which require further resolution in order for the winning proposal to achieve design excellence. These matters will need to be presented to the Authority's Design Review Panel (DRP), and be supported by the DRP prior to the request for landowners consent. Please note the Authority will require sufficient time to co-ordinate the relevant panel members, so early notification for this panel meeting is desirable.

Yours sincerely,

13.07.18

Alix Carpenter
Senior Manager, Planning
