

Coding of Submissions

This Addendum comprises a summary of each submission received, and the content of those submissions.

Note on Data

Each submission, including multiple and duplicate submissions, were reviewed and logged using a numeric coding system on a master Excel Spreadsheet. While every attempt has been made to transfer this data into a reportable format, variances may occur, and should be reviewed against the base log, where appropriate.

SEPP Specific Submissions

The following 147 submissions specifically reference the SEPP process (either through the use of the phrase SEPP or Rezoning). Of these 114 only refer to the SEPP process.
