Dear David,

Re: Provision of affordable accommodation for UNSW Hall Residents

The residents of UNSW Hall will be accommodated in UNSW Village accommodation from February 2019. UNSW Village is apartment style student accommodation located next to UNSW Hall. It is managed by an external entity.

UNSW Estate Management, in consultation with the current UNSW Hall residents, are developing a brief and looking at potential locations for a new UNSW Hall.

The UNSW Village accommodation is underdoing refurbishment in January to create a more college like atmosphere, one of collaboration and security.

UNSW are subsidising the cost of this accommodation to maintain the current quota of affordable accommodation on campus. The UNSW Village accommodation will provide an additional 5 affordable beds.

Yours Sincerely,

Emily LaVigne
Development Manager
Estate Management
