Subject: RE: syd18/01905 Lane Cove West Data Centre (SSD-9741) - Amended Application and Response to Submissions Received - RMS (Your Ref: SYD18/01905/02)

Hi Patrick,

I refer to the email below with the amended application and response to submissions received for the proposed Lane Cove West Data Centre.

Roads and Maritime has reviewed the submitted information and notes that most of the comments and concerns raised by Roads and Maritime have not been addressed by the applicant. EIS states these concerns will be addressed prior to construction. But some of the issues, particularly additional boreholes to establish geotechnical profile of the area need to be undertaken prior to the approval of the development.

Should you wish to discuss this matter further, please contact me on the numbers below.

Regards
Pahee
