**Attention: Mr Matthew Brehaut**

Dear Matthew

**Re: Ecologist Letter - SSD amended plans for 1 Sirius Road, Lane Cove West**

I refer to your request for a letter confirming that the changes made in the SSD amended plans will not impact on works required to be undertaken in accordance with the Vegetation Management Plan (VMP) prepared by *Travers bushfire and ecology* dated December 2019.

I checked your SSD amended plans Schedule of Changes (ATSYD2-DA-DRG-GBX\_MASTER PLAN-ARC\_0050.09 MB Markup 20.08.2020), in particular the areas shown in red (i.e. change number 2) and in comparison to Schedule 1 in the VMP these areas are minor extensions of the fire-trail located wholly within the bushfire Asset Protection Zones (APZs) which have a reduced vegetation cover. These APZs are to be managed in accordance with the approved landscape plans.

The additional areas of fire-trail or any other changes listed in the Schedule of Changes are not within any areas designated for the restoration and management of native vegetation communities as stipulated in the VMP.

I also checked SSD amended plans reference number ATSYD2\_SSD\_DRG\_ARC\_0050 and none of the changes listed in the current SSD amended plans are likely to cause any impact or changes to works required by the VMP.

Should you have any queries regarding this matter please do not hesitate to contact the undersigned on (02) 4340 5331 or at [info@traverseecology.com.au](mailto:info@traverseecology.com.au).

Yours faithfully

A handwritten signature in black ink, appearing to read "Michael SR".
