Dear Mr Williams

Thank you for your correspondence on behalf of Mr George Giovas about bus services to cater for students of the new Santa Sophia Catholic College at Box Hill.

Mr Giovas may be assured that the NSW Government is committed to providing school students with safe and accessible public transport to and from school. I am pleased to advise that Transport for NSW is currently working with bus operators to ensure delivery of new school bus services to cater for students of the new college from the start of Term 4, 2021 when it opens. The school will be provided with information about the new services during Term 3, 2021, in advance of their commencement. Mr Giovas may also be assured that, once they are implemented, Transport for NSW and the bus operators will monitor services in the area and make adjustments as required.

Additionally, I am pleased to advise that from 18 April 2021 more than 2,000 additional weekly bus services were introduced across Sydney's West and North West to provide better connections and more frequent trips. These changes included the introduction of a new route 740 service, which provides new services seven days a week between Rouse Hill and Box Hill. Mr Giovas may find further information about these service improvements by visiting [www.transportnsw.info/news/2021/western-north-west-sydney-bus-service-improvements#homepage](http://www.transportnsw.info/news/2021/western-north-west-sydney-bus-service-improvements#homepage).

The NSW Government will continue to monitor development and population growth in the area. As demand grows, Transport for NSW will assess services to ensure they continue to meet the needs of the community.

Thank you for taking the time to write.

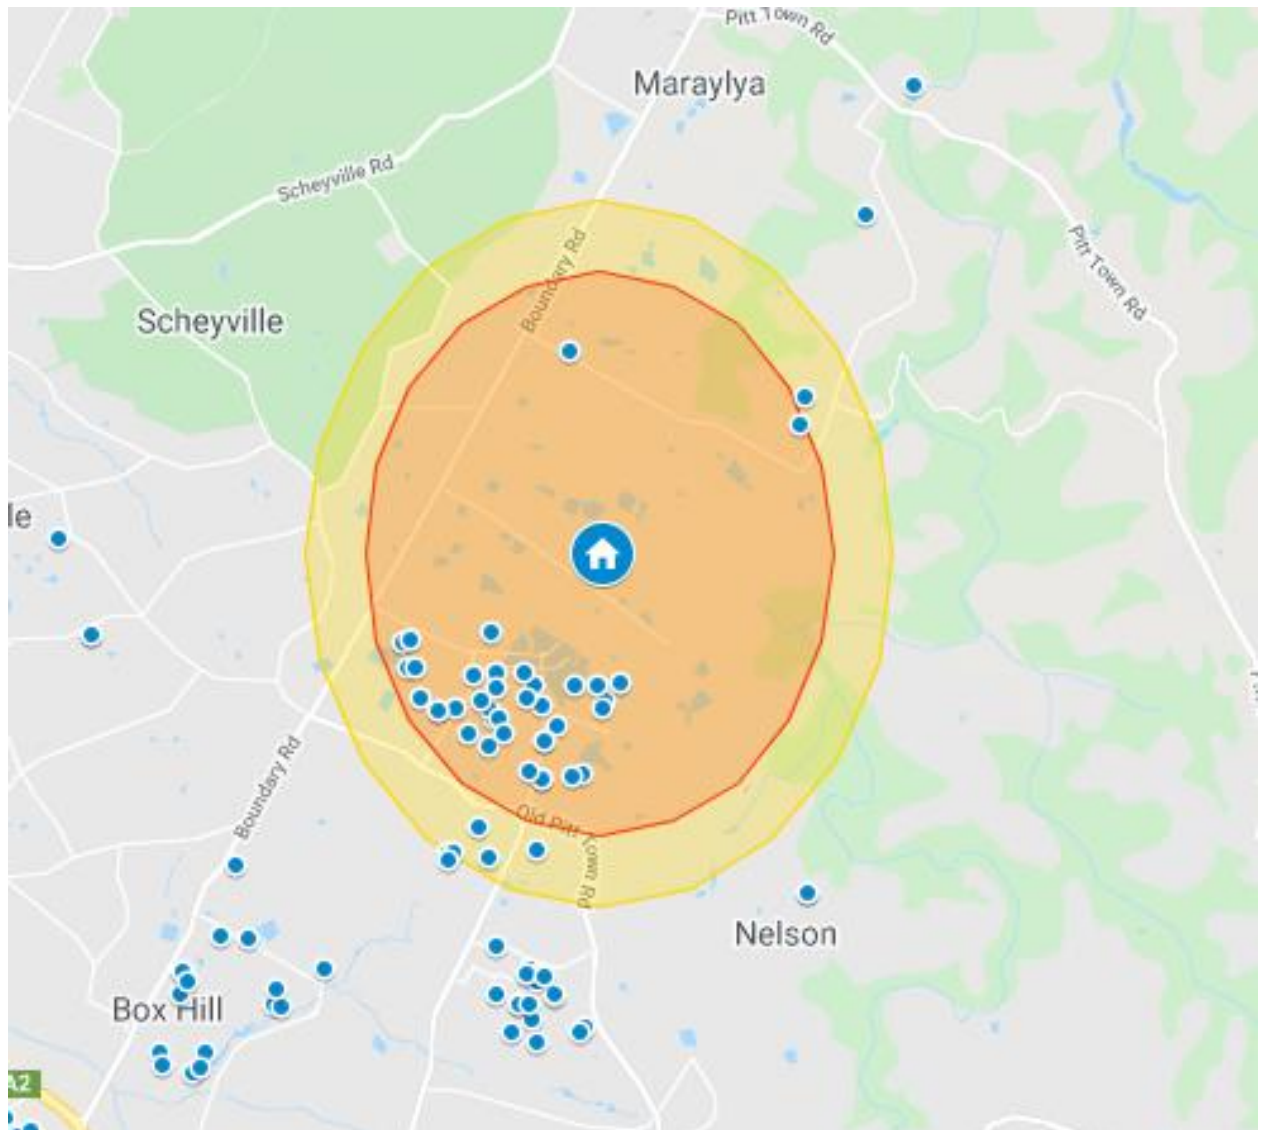

Yours sincerely

**The Hon Andrew Constance MP**  
**Minister for Transport and Roads**
