Dear Angus

**Structural Design Certification for Sydney Football Stadium Redevelopment  
Stage 2A DA Submission**

We, Aurecon, being Structural Engineers within the meaning of the Building Code of Australia, hereby certify that this office is responsible for the primary structural design components for the Stadium, as defined within our contract with Lendlease

We certify that this work will be designed in accordance with relevant provisions of the standard building codes listed below, and in accordance with accepted engineering practice and principles. The drawings will stipulate that temporary works, their design, adequacy and safety and the protection of adjacent structures are the responsibility of the builder.

- AS1170 Part 0      2002    General Principles
- AS1170 Part 1      2002    Permanent, imposed and other actions
- AS1170 Part 2      2011    Wind Actions
- AS1170 Part 4      2007    Earthquake Actions
- AS3600              2009    Concrete Structures
- AS3700              2011    Masonry Structures
- AS4100              1998    Steel Structures

Yours faithfully
