

Our ref: SSD 9835

Ms Stephanie Ballango
Director
Consultant to Infrastructure NSW
PO Box R220
Royal Exchange NSW 1225

17/11/2020

Dear Ms Ballango,

**Redevelopment of Sydney Football Stadium Stage 2 (SSD 9835)
Submission of Evidence of Conducting an Aero-Acoustic Assessment - Condition B8**

I refer to your submission of an aero-acoustic assessment report dated 26 August 2020. I understand you are seeking the Planning Secretary's satisfaction that evidence has been provided to meet the requirements of conditions B8(a) and B8(b) of SSD 9835. I also acknowledge and thank you for your response to the Department's review comments and request for additional information.

I note that the revised aero-acoustic assessment report, RWDI dated 9 October 2020, recommends specific measures to mitigate wind-induced noise impacts for consideration in the final detailed design of the stadium. Once these measures have been considered by the design team, you must provide evidence to the Department confirming that these measures have been incorporated.

I also note that the Department has already issued a letter dated 26 August 2020 expressing satisfaction of the plans submitted under condition B8(d) of SSD 9835. However, the information required under condition B8(c) is yet to be submitted by the Applicant. Therefore, you must submit evidence to the Planning Secretary that condition B8(c) has been satisfactorily addressed by 17 February 2021.

Accordingly, I acknowledge receipt of the evidence of conducting an aero-acoustic assessment report under conditions B8(a) and B8(b) of SSD 9835.

Please note that this letter replaces the letter issued by the Department on 13 November 2020.

If you have any questions, please do not hesitate to contact Shiraz Ahmed at 9274 6534.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Jake Shackleton'.
