Dear Erica

**Re: SSD 9835 Sydney Football Stadium Redevelopment – Condition A55
Revision of Strategies, Plans and Programs**

I refer to SSD 9835 for Sydney Football Stadium Stage 2 (Design, construction and operation), which was approved by the Minister for Planning and Public Spaces on 6 December 2019. Savills has been appointed by the Applicant, Infrastructure NSW, to manage the post approval activities leading up to the commencement of construction.

Condition A55 provides that within three months of the submission of compliance reports under condition 52, the strategies, plans and programs required under the consent must be reviewed, and the Planning Secretary and the Certifying Authority must be notified in writing that a review is being carried out. The condition goes on to provide that following any review, if it is necessary, to either improve the environmental performance of the development, cater for a modification or comply with a direction, the strategies, plans, programs or drawings required under the consent must be revised, to the satisfaction of the Planning Secretary and / or Certifying Authority (where relevant). Where revisions are required, the revised document must be submitted to the Planning Secretary and / or Certifying Authority for approval and / or information (where relevant) within six weeks of the review.

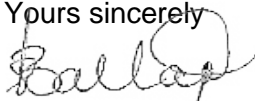

As you will be aware, the appointed site auditor (Senserva) for the project recently issues a Site Auditor's Statement. In doing so, Senserva identified a series of recommendations relevant to the following approved management plans:

- Construction Environmental Management Plan (to be approved by the Certifying Authority pursuant to Condition B22)
- Construction Waste Management Sub Plan (to be approved by the Certifying Authority pursuant to Condition B24)
- Construction Soil and Water Management Sub Plan (to be approved by the Certifying Authority pursuant to Condition B25)
- Construction Air Quality Management Sub Plan (to be approved by the Certifying Authority pursuant to Condition B26)

John Holland (the appointed contractor) has now revised and updated the documents to incorporate Senserva's recommendations. The updated reports are enclosed for your information.

Should you have any questions regarding this letter please contact the undersigned on 0412 775 365.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Ballango', written over the printed name.

3 August 2020

Stephanie Ballango

Director

Consultant to Infrastructure NSW
