Dear Ms Ballango,

**Sydney Football Stadium Redevelopment (SSD 9835)
Aero-acoustic Noise Assessment for Stadium Fitness Facilities, Condition B8**

I refer to your submission dated 3 June 2021 of the Sydney Fitness Facility Aeroacoustic Wind Report (AWP), Rel.01, dated 7 May 2021, submitted in accordance with condition B8 of SSD 9835. I acknowledge and thank you for your response to the Department's request for additional information.

I note that the mitigation measures recommended in the AWP have now been considered by the stadium design team and have been incorporated into the detailed design.

I also note that the Design Integrity Assessment panelists concur with the recommendation that the proposed changes can be incorporated without making any amendments to the approved design plans of the stadium.

Accordingly, as nominee of the Planning Secretary I am satisfied that evidence has been provided to demonstrate that the requirements of condition B8(c) have been met.

Please note that if there is any inconsistency between the approved document and the conditions of consent, then the requirements of the conditions of consent will prevail.

If you have any questions or wish to discuss this matter further, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely

Jake Shackleton
Director – Infrastructure Management

As nominee of the Planning Secretary
