

Justin Perrott
Director Environment & Sustainability (Rail Development & Delivery)
Transport for NSW
7 Harvest Street
Macquarie Park, NSW, 2113

13/09/2021

Dear Mr Perrott

**Redfern Station Upgrade – New Southern Concourse (SSI-10041)
Little Eveleigh Street Access Option Report**

I refer to the Little Eveleigh Street Access Option Report which was submitted to the Department on 30 August 2021 pursuant to Condition D63 of SSI 10041.

I note that the report:

- Was undertaken in consultation with the City of Sydney Council;
- investigated a variety of options for access to the new Little Eveleigh Street Car Park;
- concluded that none of the alternate options were not suitable given safety and heritage constraints of the site; and
- recommended that the current proposed access through Little Eveleigh Street is maintained.

I also note that the report states the project will aim to eliminate unwanted light spill to nearby residences when constructing the entrance to the car park and will investigate ways of mitigating privacy impacts.

If you have any questions, please contact Grant Brown at grant.brown@dpie.nsw.gov.au.

Yours sincerely,

Matthew Todd-Jones
