## **Appendix B**

Environmental Planning and Assessment Regulation 2000 Checklist

## Appendix B – Environmental Planning and Assessment Regulation 2000 checklist

	Where addressed
Requirement	where addressed
6 Form of the environmental impact statement	ation:
An environmental impact statement must contain the following inform	
a) the name, address and professional qualifications of the person by whom the statement is prepared,	Certification page
	Cortification page
b) the name and address of the responsible person,	Certification page
<ul><li>c) the address of the land:</li><li>i) in respect of which the development application is made, or</li></ul>	Certification page
ii) on which the activity or infrastructure to which the statement relates is to be carried out,	
d) a description of the development, activity or infrastructure to	Certification page
which the statement relates,	Certification page
e) an assessment by the person by whom the statement is	Cortification page
prepared of the environmental impact of the development, activity	Certification page
or infrastructure to which the statement relates, dealing with the matters referred to in this Schedule, and	
f) a declaration by the person by whom the statement is prepared to	Certification page
the effect that:	Certification page
i) the statement has been prepared in accordance with this	
Schedule, and	
ii) the statement contains all available information that is relevant to	
the environmental assessment of the development, activity or	
infrastructure to which the statement relates, and	
iii) that the information contained in the statement is neither false	
nor misleading.	
7 Content of the environmental impact statement	
1) An environmental impact statement must also include each of the	following:
a) a summary of the environmental impact statement,	Executive summary
b) a statement of the objectives of the development, activity or	Chapter 3
infrastructure,	onapter o
c) an analysis of any feasible alternatives to the carrying out of the	Section 4 – Project
c) an analysis of any feasible alternatives to the carrying out of the development activity or infrastructure, having regard to its	Section 4 – Project
development activity or infrastructure, having regard to its	development and
development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the	
development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,	development and
<ul><li>development activity or infrastructure, having regard to its</li><li>objectives, including the consequences of not carrying out the</li><li>development, activity or infrastructure,</li><li>d) an analysis of the development, activity or infrastructure, and</li></ul>	development and alternatives
development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,	development and alternatives Chapter 5 – Project
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> </ul>	development and alternatives Chapter 5 – Project description
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> <li>ii) a general description of the environment likely to be affected by</li> </ul>	development and alternatives Chapter 5 – Project description Executive summary
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> <li>ii) a general description of the environment likely to be affected by the development activity or infrastructure, together with a detailed</li> </ul>	development and alternatives Chapter 5 – Project description Executive summary Chapter 7 –
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> <li>ii) a general description of the environment likely to be affected by the development activity or infrastructure, together with a detailed description of those aspects of the environment that are likely to be</li> </ul>	development and alternatives Chapter 5 – Project description Executive summary Chapter 7 – Assessment of key
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> <li>ii) a general description of the environment likely to be affected by the development activity or infrastructure, together with a detailed description of those aspects of the environment that are likely to be significantly affected, and</li> </ul>	development and alternatives Chapter 5 – Project description Executive summary Chapter 7 – Assessment of key issues
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> <li>ii) a general description of the environment likely to be affected by the development activity or infrastructure, together with a detailed description of those aspects of the environment that are likely to be significantly affected, and</li> <li>iii) the likely impact on the environment of the development, activity</li> </ul>	development and alternatives Chapter 5 – Project description Executive summary Chapter 7 – Assessment of key issues Chapter 7 –
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> <li>ii) a general description of the environment likely to be affected by the development activity or infrastructure, together with a detailed description of those aspects of the environment that are likely to be significantly affected, and</li> </ul>	development and alternatives Chapter 5 – Project description Executive summary Chapter 7 – Assessment of key issues Chapter 7 – Assessment of key
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> <li>ii) a general description of the environment likely to be affected by the development activity or infrastructure, together with a detailed description of those aspects of the environment that are likely to be significantly affected, and</li> <li>iii) the likely impact on the environment of the development, activity or infrastructure, and</li> </ul>	development and alternatives Chapter 5 – Project description Executive summary Chapter 7 – Assessment of key issues Chapter 7 – Assessment of key issues
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> <li>ii) a general description of the environment likely to be affected by the development activity or infrastructure, together with a detailed description of those aspects of the environment that are likely to be significantly affected, and</li> <li>iii) the likely impact on the environment of the development, activity or infrastructure, and</li> </ul>	development and alternatives Chapter 5 – Project description Executive summary Chapter 7 – Assessment of key issues Chapter 7 – Assessment of key issues Chapter 7 –
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> <li>ii) a general description of the environment likely to be affected by the development activity or infrastructure, together with a detailed description of those aspects of the environment that are likely to be significantly affected, and</li> <li>iii) the likely impact on the environment of the development, activity or infrastructure, and</li> <li>iv) a full description of the measures proposed to mitigate any adverse effects of the development, activity or infrastructure on the</li> </ul>	development and alternatives Chapter 5 – Project description Executive summary Chapter 7 – Assessment of key issues Chapter 7 – Assessment of key issues Chapter 7 – Assessment of key
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> <li>ii) a general description of the environment likely to be affected by the development activity or infrastructure, together with a detailed description of those aspects of the environment that are likely to be significantly affected, and</li> <li>iii) the likely impact on the environment of the development, activity or infrastructure, and</li> <li>iv) a full description of the measures proposed to mitigate any adverse effects of the development, activity or infrastructure on the environment, and</li> </ul>	development and alternatives Chapter 5 – Project description Executive summary Chapter 7 – Assessment of key issues Chapter 7 – Assessment of key issues Chapter 7 – Assessment of key issues
<ul> <li>development activity or infrastructure, having regard to its objectives, including the consequences of not carrying out the development, activity or infrastructure,</li> <li>d) an analysis of the development, activity or infrastructure, and</li> <li>i) a full description of the development, activity or infrastructure,</li> <li>ii) a general description of the environment likely to be affected by the development activity or infrastructure, together with a detailed description of those aspects of the environment that are likely to be significantly affected, and</li> <li>iii) the likely impact on the environment of the development, activity or infrastructure, and</li> <li>iv) a full description of the measures proposed to mitigate any adverse effects of the development, activity or infrastructure on the</li> </ul>	development and alternatives Chapter 5 – Project description Executive summary Chapter 7 – Assessment of key issues Chapter 7 – Assessment of key issues Chapter 7 – Assessment of key

Requirement	Where addressed
e) compilation (in a single section of the environmental impact	Chapter 9 –
statement) of the measures referred to in item (d)(iv),	Environmental
	management
	measures
f) the reasons justifying the carrying out of the development, activity or infrastructure in the manner proposed, having regard to biophysical, economic and social considerations, including the principles of ecologically sustainable development set out in	Chapter 11 – Project justification and conclusions
subclause (4) of Schedule 2 Part 3 Section 7.	<b>Chapter 11</b> – Project justification and conclusions
2) Subclause (1) is subject to the environmental assessment	DGRs are addressed
requirements that relate to the environmental impact statement.	throughout the
	document.
3) Not applicable	
4) Principles of ecologically sustainable development	Chapter 11 – Project
	justification and
	conclusions
