Dear Mr Snow

**WestConnex M4 East Project
Request for Modification
Condition B23 – physically affecting a heritage item outside of the SSI footprint –
Iron Cove Canal**

In accordance with section 115Z1 of the *Environmental Planning and Assessment Act 1979* (EP&A Act), Roads and Maritime Services (Roads and Maritime) is requesting a modification to the Infrastructure Approval for WestConnex M4 East (SSI 6307).

This modification request relates to condition B23 and seeks approval to physically affect a heritage item outside of the SSI footprint. Condition B23 provides:

The Proponent must not destroy, modify or otherwise physically affect any heritage items, including human remains, outside of the SSI footprint. This approval does not allow the Proponent to harm, modify, or otherwise impact human remains uncovered during the construction and operation of the SSI.

In relation to this request, please find attached *Modification Report, State Significant Infrastructure Approval (SSI_6307), Extension of existing project construction footprint to facilitate two stormwater outlets into Iron Cover Creek*.

Should you have any queries in relation to this matter, please feel free to contact David Kelly on 0407 239 667.

Yours Sincerely,

Philip Knudsen
