Dear Mr Chahal

**WestConnex 3B Rozelle Interchange (SSI 7485)  
Construction Parking and Access Strategy Revision 12**

I refer to the updated Construction Parking and Access Strategy Revision 12, dated 22 October 2020, which contains updates relating to the long-term temporary removal of car parking spots for ongoing utility works around the Iron Cove Bridge area and the establishment of a temporary bus stop resulting from the recently approved Modification 2.

I note that:

- the changes extend the dates for when parking is being occupied for utility works by three to four months; and
- Transport for NSW has no objections to these amendments; and
- the updated document meets the conditions of approval.

However the updated parking arrangement in the Iron Cove Area need to be communicated with the local community. Accordingly, please ensure they are consulted and any concerns appropriately addressed.

If you wish to discuss the matter further, please contact me on 9274 6283.

Yours sincerely

Carl Dumpleton  
A/Director
