Parramatta Light Rail
130 George St, Parramatta, NSW 2150

**Review of Soil and Water Management Plan.
Supply, Operate and Maintain (SOM) Package - Parramatta Light Rail
(PLR1SOM-GLR-ALL-PM-PLN-000035 Rev F)**

Pursuant to SSI8285 Condition of Approval A23 (d) i), as the approved Environmental Representative, I confirm that I have reviewed the Soil and Water Management Plan, Supply, Operate and Maintain (SOM) Package - Parramatta Light Rail (PLR1SOM-GLR-ALL-PM-PLN-000035 Rev F), dated 21/10/2020, prepared by Great River City Light Rail, for consistency with the requirements of the Conditions of Approval.

In my opinion the aforementioned document is consistent with the requirements included in or required under the terms of the Conditions of Approval for the Parramatta Light Rail (Stage 1) development.

It is noted the scope of this management plan is for the construction works associated with the Stabling and Maintenance Facility only.

Yours sincerely,

Australian Quality Assurance & Superintendence Pty Ltd (AQUAS)

Gillian Lehn

Environmental Representative
