

28 October 2020

Jake Shackleton
A/Director, Infrastructure Management
4 Parramatta Square
12 Darcy Street
Parramatta NSW 2150

Dear Jake,

RE: CSSI 8285 – Parramatta Light Rail Stage 1, CEMP Soil and Water Management Sub-plan

I refer to conditions of approval C7 and C13 provided for the Parramatta Light Rail Project (Stage 1 also known as CSSI 8285).

Please note that this letter refers to the following submission:

Document Name	Revision	Relevant Condition	Purpose
Package 5: Soil and Water Management Sub-Plan including approach for Water Quality (Turbidity) Monitoring Program Activity A only	Revision 0	C7 (GEN-1) C13 (C9a)	Information

These conditions call for the Proponent to:

ID #	Condition
C7	The CEMP must be endorsed by the ER and then submitted to the Secretary for approval no later than one month before the commencement of construction.
C13	The Construction Monitoring Programs must be endorsed by the ER and submitted to the Secretary for information at least one month before the commencement of construction.

Transport for NSW have reviewed the attached Soil and Water Management Subplan and believe it is of a suitable quality and addresses the Conditions of Approval and documents referenced in Condition A1 as required. Consultation as described in Condition A5 is included as an appendix to Plan.

The Environmental Representative has endorsed the relevant document for submission to the Secretary. The endorsement is included in the transmittal.

Therefore, as per the *Instrument of Delegation and Authorisation by the Secretary of the Department of Transport* (dated 1 October 2020), Transport for NSW submits this document for approval/information to the Secretary.
