Dear Ms Wagland

**Snowy 2.0 - Transmission Connection SSI-9717
Amendment of Application**

I refer to Transgrid's letter submitted to the Department on 20 October 2021 in accordance with clause 179(2) of the *Environmental Planning and Assessment Regulation 2021*, seeking amendments to the Snowy 2.0 Transmission Connection (SSI 9717), which is currently under assessment.

The Department has carefully considered the information provided and accordingly, as delegate of the Planning Secretary, I approve the proposed amendment of the application, including:

- an overall reduction to the disturbance footprint;
- increase to the substation asset protection zone;
- access track amendments;
- options to dispose soil at other approved Main Works emplacement areas; and
- changes to water supply.

If you have any questions, please contact Anthony Ko on (02) 8217 2022 or at anthony.ko@planning.nsw.gov.au.

Yours sincerely,
