Dear Rita,

**RE: SSD-10385 Kambala Sport, Wellbeing and Senior Learning Precinct**

I refer to the above development application on exhibition and wish to make a submission in support of this application which seeks to provide suitable facilities for the future sporting, educational and social development of Girls passing through Kambala School.

I am a member of the Kambala Community, a former parent whose daughter benefited greatly from her twelve years of education at Kambala, and I served on the School Council from 2009 to 2019.

I support this project on the following grounds:

- It will provide greatly needed sporting facilities for the school
- The design enables improved green space to be achieved on the site
- The sensitive design will provide an enhanced heritage curtilage around the treasured and Historic Tivoli building
- It will enable views and outlook to Sydney Harbour to be maintained, which the previous scheme that was approved on the site did not achieve

If you require any further information, please do not hesitate to contact me to discuss your requirements or any clarification.

Yours sincerely,

John Comino
