Thanks, you can give me a call now.

Also some photos of why I'm concerned vehicles like trucks and utes should be banned for the residential street etc.

Dear [REDACTED]

Thanks so much for your email.

If convenient it would be good to schedule a phone call to discuss your concerns about the project, perhaps tomorrow **Friday 19 February** at 10am?

If this time does not suit we can schedule a time to call you perhaps later in the day.

If you are happy for us to call you, could you please provide the best number to call you on?

Thanks again
