

- We request that the 7am start is maintained Monday to Friday and that more emphasis is put by the proponent on managing noise pollution from the very early arriving workforce and logistics of deliveries.
- Work on Saturday shouldn't start before 8am, but we gladly suggest to finish by 10pm latest, to make up all lost time in the interest of the public to have the new school buildings ready when needed at the start of the new school year 2022.
- Any work on a Sunday (and Public Holiday) should only be carried out after 9am if really needed. - Prior notification to residents in the vicinity mandatory.
- We also would prefer you limit any work after 6pm to essential work carried out within the building fit out, e.g. closed doors and windows.
