

30 Beggary Creek Road,
Muscle Creek 2333
N.S.W.

To Whom It May Concern,

I'm objecting to the Bowman's Creek wind farms,
My name is Patrick McMahon I am 54 years old I have lived here all my life I am the 4th
generation to live here on the property

These wind farms are going to up set my
brothers health as he has a epilepsy he looks out from the side verandah all the time
to witch he will see these wind farms

I am not a shift worker like most on
Muscle Creek I do like having my windows open while I sleep and if these wind
farms go ahead I wont be able to do this as the humming noise from them will keep
me awake

also the work that will be put into
getting these starting is going to unbearable all sorts of noises that my brother and
myself wont be able to just to

Our dad use to own the mountain
paddock to where these wind farm is plan to go so I do know that there is bats,spotted
quolls wedge tail eagles along with homes for other animals up there

These farms are going to kill
many littler birds witch might fly into them,nd the noise going to make others to
move also.

We are quite happy where
we live and want to live out the rest of our lives here enjoying what we have now,and
for my kids and there kids to come its a great place to live, leave it the way it is
please.

Patrick McMahon.
