have on the operation of these signals in terms of safety and efficiency;

i) An assessment of the adequacy of on-site car parking to service the development; and

j) Details on school zone requirements to be installed.

2. State Environmental Planning Policy (Educational Establishments and Child Care Facilities) 2017:

The provisions of Clause 57 need to be addressed (e.g. the requirements of subclause 3 (b) and (c), is it applicable and if it is not why it is not).

3. Staging:

Details on the staging of any works associated with the proposed development.

4. Future use of the remainder of the site:

Details on the intended future use of the remainder of the site noting that Figure 3 and 4 in the Mecone report show the outline of a new High School Admin building, a 'Potential High School Entry' and reference 'Potential Future Middle Years High School'. Is a masterplan approval being sought, and if not, why? TfNSW is supportive of considering the intended use of the site as a whole as opposed to several separate applications.
