

My submission is asking RMS and the Project Team to:

- Reinstate the GreenLink connecting communities and green open space from Rozelle to Bicentennial Park
- Relocate and design pedestrian and cyclist connections that are continuous, safe and direct.
- Design the modification infrastructure and active links in response to the character of the suburbs, the location of the foreshore and it's potential future development.
- Provide pedestrian and cyclist paths that maximise people safety and do not force them onto busier streets, unsafe concrete plazas and caged walkways.
- Integrate active and direct connections to all active transport - including the future Metro West and Foreshore Ferry Wharf

Furthermore I suggest:

Please think of future generations
and let them have the
ability to access our foreshore.
The population in the inner West
is growing & family need grows
time!

Yours Sincerely,
