

## Thunderbolt Wind farm objection

Name: David Walsh

Address; 22 Blue Hole Road Armidale

Dear Minister

SSD No - Thunderbolt Wind Farm

I am writing to OBJECT to the Thunderbolt Wind Farm SSD-10807896.

I am concerned about the visual impact that this proposed solar farm will cause on landowners who are amongst this proposal. People relocate to rural areas for the lifestyle. Rural people like to run livestock and have the freedom of being able to do what they want to do; I am sure they do not want to have to be constantly looking at a wind farm all the time. How would you like it if someone built a wind farm near where you live? How would you like the view of a turbine 24/7? It is disappointing to hear that the developer will try and screen the turbines with trees. Now please tell me what tree is going to grow a significant height now? Trees take ages to grow. By the time a tree has grown fully the farm will not be operational. That's if the farm lasts that long. How can this be good for the land owners. Think about the mental health of these poor people. They cannot look at these turbines every day. You are taking away the most amazing view. This is why they live where they live. Come on Minister give these neighbouring farmers a chance to have their say.

Signed  
David Walsh
