Valley of the Winds Wind Farm Application Number SSD-10461

Ibbai Waggan People are the Continual Ancestral Owners of Land, Lore & Culture of our Ngurangbang. Ibbai Waggan People have never ceded Sovereignty or Proprietary Authority over Ngurangbang or to any of the European Australian laws. Ibbai Waggan People, as observers & upholders of our Lore & Culture within our Ngurangbang have had enough with the Dictatorship by the State & Federal Governments to First Nation People of this Continent. Ibbai Waggan People are filled with anger in the way the State & Federal Governments use their techniques to continually mislead our Senior Elders & Community, this is not in the Public Interest.

Systems

The Dictatorship by the State & Federal Governments from 1768 to present time & the 1974 method used by the then Labor Government to change the constitution without the consent of the People was then & remains illegal today. All acts, regulations, then legislated into law, policies & all agents of the Dictators decisions are unlawful. All Governments from 1975 have continually used this illegal system to benefit their dictatorship over the People, now called the State & Australian Government Cartel, therefore the Ibbai Waggan People rebut the State & Australia Governments Cartel in every way describe in this statement & objection.

The State, Australian Government Cartel & its agents are in Breach of, including but not limited to;

1. Human Rights Violations to First Nation People, right to inform, right to protect our community, right to protect the environment, right to First Nation Lores, right for our Elders to enforce First Nation Lores, the right to be informed of the outcomes
2. Inciting Racial Tensions
3. The Proper Administration Decisions have not been followed by the State, Australian Government Cartel & its agents
4. The State, Australian Government Cartel & its agents have not & are not acting in the Public Interest
5. Duty of Care & Due diligence

Immunities

It is a fundamental tenet of the rule of law that no one is above the law. This principle applies to the Government, its officers and instrumentalities: their conduct will be ruled by the law. AV Dicey wrote that the rule of law encompasses:

equality before the law or the equal subjection of all classes to the ordinary law of the land administered by the ordinary Law Courts; the 'rule of law' in this sense excludes the idea of any exemption of officials or others from the duty of obedience to the law which governs other citizens or from the jurisdiction of the ordinary tribunals

The Government, and those acting on its behalf, will be subject to the same liabilities, civil and criminal, as any individual.

Narrabri Gas Project SSD6367 & All of the State Significant Developments Determinations as Unlawful

The Prime Minister, a senior member of the Australian Government Cartel, in collaboration with the then NSW Premier, a senior member of the State Cartel, exchanged 2 billion dollars of the Peoples money to the NSW Premier to recommence Coal Seam Gas (Prime Minister called this Natural Gas, continual lies) Projects within the State of NSW.

This is corruption, at a high level by the Federal & State Government Cartel.

With 47,000 objections to this project & others like it, the State, Federal Cartel & all of its agents of the Government, have not listened to the People.

No decisions are in good faith, this is unlawful. Individuals will be held account.

The State, Federal Governments & its agents have no Immunity, no Jurisdiction & no Authority.

Objection

1. The Ibbai Waggan People will object to the Valley of the Winds Wind Farm for the unlawful application & approval process conducted by the Planning Minister of NSW & Planning, Industry & Environment. The Planning Minister of NSW & Planning, Industry & Environment NSW have & never had the power to endorse any projects within the Ibbai Waggan Ngurangbang.
2. The Ibbai Waggan People will object to the Valley of the Winds Wind Farm unlawful process, which has been conducted without discussion or consent of the Ibbai Waggan Senior Elders, at an appropriate time & place, traditional to the Elders.
3. The State & Australian Government Cartel with its network of infrastructure approvals, have destroyed First Nations People Ceremony, Dreaming Tracks, Songlines, Spiritual Beliefs & other Ancestral Sacred sites throughout this Continent. Our People, First Nations People are extremely distressed with this continual Cultural Vandalism by the State & Australia Government Cartel & Developers. It certainly appears the economy comes before the Ibbai Waggan environment.

Ibbai Waggan People is the only voice of Ngurangbang & has not ceded Ngurangbang.

17 October 1835, our Ibbai Waggan ancestor Gungin a Lore man declared;
What do you want here? What do you come here for? Why do you not go to your own country?

16 November 1836, at 6 o'clock two hundred Warriors, near the mission house, standing in battle array with all their weapons of war. A tall lean Warrior came forward & declared how the land "*all about belonged to the natives*". It was already known, that many of these Warriors were battle natives & had come from a distance of 100 miles

Gungin & our Ibbai Waggan Warriors enforced our proprietary & sovereignty rights under ancient lore over Ngurangbang, these Lores have existed for time immemorial & these rights have never been ceded.
