Subject: Goulburn Base Hospital Redevelopment MOD 2 (SSD-8667)

Dear Mr Gibson

Thank you for your letter dated 15 October 2019 seeking WaterNSW's comments on the Modification Report of the Goulburn Base Hospital Redevelopment (SSD-8667-Mod-2).

Water NSW notes that the proposed modification includes changes to the building design and associated stormwater treatment.

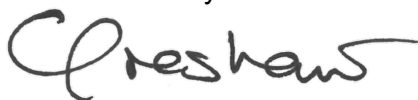

WaterNSW has reviewed the Modification Report and the associated MUSIC stormwater quality model and considers that the proposed development is unlikely to have a significant impact on water quality if the proposed stormwater management measures are implemented and maintained.

Water NSW reiterates its request that the stormwater drainage plan be prepared and finalised in consultation with Water NSW.

WaterNSW requests to remain as a stakeholder for the proposal and any updates to relevant plans. WaterNSW would also appreciate being notified when the application has been determined.

If you wish to discuss further, please contact Juri Jung on 9865 2503 or email at environmental.assessments@watarnsw.com.au.

Yours sincerely
