Attn: Director Key Sites Assessments

Dear Sir/Madam,

This letter of object to both developments is made on the following grounds.

Environmental

We live in the first residential street in Glebe neighboring the proposed development. The noise pollution and resulting traffic congestion of this development will impact us enormously. We resent the overtaking of this area for a large areas of commerce. It is hard get parking both day and night now. This can only get worse even allowing for paid areas.

The threat of music until midnight also reduces this peaceful area to possible bedlam.

Where the fish markets are now is a preferred position.

Yours in sorrow,

Wendy Riley
