SYDNEY NSW 2001

Attn: William Hodgkinson – William.hodgkinson@planning.nsw.gov.au.

Dear Ms McNicol

Re: Notice of Exhibition for the Kemps Creek Warehouse, Logistics and Industrial Facilities Hub (SSD 9522)

I refer to your email dated 5 June 2019 inviting comments on the above State Significant Development proposal for the Kemps Creek Warehouse, Logistics and Industrial Facilities Hub, involving demolition of existing structures and construction of nine warehouses with associated carparking and Torrens title subdivision as well as the upgrade of the Mamre Road intersection.

The subject site at 657 – 769 Mamre Road, Kemps Creek is not listed on the State Heritage Register (SHR), nor is it near any SHR items. Whilst it is acknowledged that the historical archaeological assessment (*Mamre South State Significant Development Application – Statement of Heritage Impact*, prepared by Biosis, dated 20 March 2018) has indicated that there may be potential for archaeological deposits, they are not significant. The recommendation for an unexpected finds procedure is appropriate. No further heritage comments are required. The Department does not need to refer subsequent stages of this proposal, or any modifications, to the Heritage Council of NSW.

Please note that the Greater Sydney Planning Team within the Climate Change & Sustainability Division may provide separate comment in relation to Aboriginal cultural heritage.

If you have any questions regarding the above advice please contact Anna London, Senior Customer Strategies Officer at Heritage, Department of Premier and Cabinet via email at anna.london@environment.nsw.gov.au or on 9873 8608.

Yours sincerely

Adrian Hohenzollern
