Dear Naomi,

RE: Submission on the M12 Motorway

Thank you for the opportunity to review and provide comment on the M12 Motorway Environmental Impact Statement (the Statement) material prepared by Jacobs Group for Roads and Maritime Services (RMS).

APA has statutory obligations to ensure our pipelines are maintained and operated in accordance with Australian Standard 2885. The development is located approximately 8.1km north of APA's Moomba to Sydney Ethane Pipeline at the closest point (M7 Motorway Interchange). Therefore, APA has no concerns regarding any direct impact on the pipeline, as a result of the development and construction activity. In addition, the proposed development is not located within the pipeline measure length (area of consequence) and does not involve an AS2885 sensitive land use such as an aged care facility, child care centre. Therefore on this basis, APA does not have any objection to the proposal.

APA's position is consistent with discussions had at the recent Western Sydney Roads and Utilities Coordination Meeting dated 30 October 2019 facilitated by RMS.

For any further enquiries relating to this correspondence, please feel free to contact myself on (07) 3223 3385 or the Infrastructure Planning & Protection team at planningnsw@apa.com.au.

Yours faithfully,

A handwritten signature in black ink, appearing to be 'BA' followed by a long horizontal stroke.
