Dear Ms White

Moriah College Redevelopment (SSD-10352)

Thank you for the opportunity to make a submission on the above State Significant Development (SSD) Application. It is noted that the SSD relates to the staged redevelopment of the Moriah College Queens Park Campus, at Queens Park Road, Queens Park (the site).

The site falls outside the Randwick City Local Government Area (LGA), however due to the proximity of the site to the Randwick LGA, this submission relates only to transport and access.

Council offers the following comments to mitigate impacts on our community.

Transport

Council supports the addition of a new internal loop road for pick-up and drop-off of students, which will reduce queuing on York Road. Council notes the Green Travel Plan and supports the initiatives proposed to reduce car reliance and promote sustainable transport.

Given the proposed enhanced bike parking and end of trip facilities and the initiatives outlined in the Green Travel Plan, it is reasonable to assume that there will be staff and/or students cycling. Table 7.1 in the Transport Assessment displaying modal splits does not provide for future cycling numbers.

In addition to the cycleways on surrounding streets, it should be noted that a high quality off-road cycleway on Darley Road, linking York Road and Carrington Road, has been designed and is planned for construction in 2020. This is an excellent opportunity to promote cycling as a mode of transport for staff and students.

Council recommends the Transport Assessment be updated to provide for cycling within the modal split outlined in Table 7.1.

Construction Traffic

Council reiterates the need for a suitable Construction Traffic Management Plan to ensure safety standards are maintained and that impacts on surrounding residents are mitigated. The Preliminary Construction Traffic and Pedestrian Management Plan (CTPMP) identifies Oxford Street and York Road as the arrival route, and Darley Road as the departure route.

Council notes that Darley Road is a residential street and is unsuitable as a departure route for construction vehicles. Council recommends all construction vehicles use York Road and Oxford Street as both their arrival and departure route, to reduce impacts on our community.

English If you need help to understand this letter, please come to Council's Customer Service Centre and ask for assistance in your language or you can contact the Telephone Interpreter Service (TIS) on 131 450 and ask them to contact Council on 1300 722 542.
