

David Nimmo
President
Manly Warringah Junior Cricket Association

14th December 2019

Dear Karl,

I wanted to express my support for the development of a State of the Art High Performance and Community Cricket Centre at Wilson Park in the Sydney Olympic Park precinct.

My support is based on the following reasons:

- The re-location of the facility to Wilson Park will make the facility more centrally located and accessible for cricket clubs, particularly in growth areas like Western Sydney.
- The facility will raise the skill level for NSW Cricket across all ages and regions, improve the state's competitiveness and maintain our standing as the leading producer of Australian players.
- The facility will provide a state of the art facility where the cricket community can come together to improve technical skills for players, coaches and administrators as well as facilitate collaboration and knowledge sharing between clubs across Sydney and NSW.
- Co-location of the high performance facilities with the facilities available for the broader cricket community will enable junior cricketers to meet, observe and learn from the senior elite players.
- The facility will support the growth of Women's cricket through providing an ICC standard field for women's matches.
- The stand-alone facility will raise the profile of the sport
- Olympic Park is the home of sport in NSW and the facility will add to the range of sporting facilities and events

Kind Regards,

David Nimmo
