Medical Certificate

Mrs Maria Pedavoli & Mr Giuseppe Pedavoli
2 Vernon Street
Strathfield 2135

Mr and Mrs Pedavoli has been a patient at Victoria Tower Medical Centre since Feb 2018, and my patients since August 2018. This is to certify that Mr and Mrs Pedavoli, and other family members living on the same premises, are experiencing stress and anxiety secondary to excessive daily noises from activities carried out in the schoolyard adjacent to their home. This has been ongoing since June 1994.

They would greatly benefit health wise from reduced exposure to current noise level, as they are suffering from multiple health conditions, for which stress and anxiety can lead to accelerated disease process.

Yours Sincerely,

Dr Kaytharee Alom
